There are so many spots in Victoria to get out of the house, enjoy some fresh air and get back to our roots in nature! Most if not all nature reserves and national parks are free to visit and a great way to get some exercise while exploring some amazing scenery! Some very popular spots include the You Yangs which is a series of ridges featuring walking and bike trails with a multitude of flora and fauna to explore! April school holidays mean we still have some sunshine so staying the night and camping out could also be a good option!

Some beautiful spots to visit:

- Grampians National Park
- Wilsons Prom. National Park
- Great Otway National Park
- 12 Apostles Marine National Park

LIBRARIES

Almost all local libraries will have fun holiday activities on over the next couple of weeks! Story times or musical activities are very popular and great for your children to engage in some quiet time reading or sensory play with instruments. Libraries also often have online activities or worksheets for your children to do in the comfort of your home. Even just taking the kids to pick a book of their own and read at home is a fun activity to get out of the house.

Some libraries to check out:

- State library Victoria
- Geelong Library and Heritage Centre
- Geelong Regional Libraries (16 different locations across Geelong)
